## Overview

CRE allows merchants to set special pricing for inventory items according to their needs and preferences. These are:

- Sale
- Bulk
- Time-based

As of version 13.1025, CRE displays special price details along with the regular price on the invoice screen and on printed receipts.

## **CRE Configuration**

### **Receipt Configuration**

The setting that determines whether to print special pricing on receipts is enabled by default. Should you need to change this setting, do the following:

1 Go go to Page 1 of the Receipt screen within the Setup Screen.
